Audio Intervisual Design: The right choice to supply your Avid S6

- AID has been providing the media production industry with complete integration, equipment procurement and support services for over 34 years.
- Our experienced team of professionals can help specify and install your S6, as well as suggesting complimentary equipment to complete your studio upgrade, including full Dolby ATMOS integration.
- AID represents more than 200 brands from AJA to Yamaha and have completed hundreds of integration projects.
- We recognize that each client has unique goals and we work closely with facility staff on every individual project, no matter how small or large, to exactly satisfy the client's vision and concept.
- Our office demo studio includes an S6 to help with specification, training and support, please call for an appointment.
- Call us at (323) 845 1155 or email us at sales@aidinc.com to learn more.
